SMARTFILES | FICTIONAL SAMPLE DOCUMENT

RESUME: MIRA CHEN

Fictional candidate: Mira Chen | Email: mira.chen@example.test | Northbridge, Example County

Profile: Final-year information systems student interested in document intelligence, privacy, and accessible software.

Education: Northbridge College, BSc Information Systems, expected 2026. Coursework includes databases, networks, statistics, and human-computer interaction.

Experience: Student Technology Assistant, Campus Learning Lab, 2024-2025. Organized equipment records, prepared weekly usage summaries, and helped students troubleshoot file-format issues.

Project: Built a prototype searchable archive for course handouts. Added text extraction for PDF and Word files and documented limitations for scanned images.

Skills: Python, SQL, spreadsheet analysis, technical writing, usability testing, and teamwork.

Sample portfolio note: All names, institutions, locations, dates, and work history in this document are fictional demonstration data.
